The Hong Kong Platinum Estates group will open a luxury hotel with 200 suites, a 4,500-square-meter spa and a 50,000-square-meter shopping and entertainment center on the Doña Julia estate, in the municipality of Casares, where The Evemarina group planned to build a Park Hyatt.

This is the same investment group that promotes the construction of the W Marbella Resort hotel, a five-star luxury that wants to open in 2021 with 200 rooms, including 26 suites and an Extreme Wow Suite, in addition to an emblematic restaurant, an AWAY spa with lounge of beauty and juice bar, an avant-garde FIT training facility, two WET pools and five ultra-modern meeting rooms with a covered terrace, measuring 1,000 m2, perfect for parties and outdoor events.

The real estate bubble was ahead of the hotel project of the Evemarina group in Casares, which ended up distributed among seven creditor banks.

Now, in the hands of the enigmatic Juan Luis Segalerva, the head of investments in Spain of the Hong Kong group, Platinum Estates has acquired the land of Doña Julia, where in addition to the five-star hotel, spa and shopping and leisure center, he plans to build a golf Club.

Juan Luis Segalerva himself and the marriage consisting of Roshni and Harry Mohinani, owners of the Platinum Estates group, have been responsible for presenting the project to the media in Casares.

The promoters have explained the difficulties of the operation of acquisition of the assets to the seven banks that had been awarded the liquidation of the Evemarina Group's creditors' contest, and have highlighted the support of the mayor, José Carrasco, and the Town Planning Councilor of the City of Casares, Juan Luis Villalón, to relaunch the project.

employment, bring tourism and need services from companies in the area ”.

For his part, the Town Planning Councilor, Juan Luis Villalón, has stated that the commitment of the government team is to find the balance between quality urban development and environmental sustainability.

The presentation ceremony was also attended by the Tourism Delegate, Nuria Rodríguez, who has offered her support for this project, “which will increase the number of hotel and accommodation places, so necessary to provide the service demanded by tourists who attend to the Costa del Sol. “

Testimonials

Tim and Rache

Dear Jeremy

painless experience of the last few (mad) days. The pain has been all ours in deciding which property to buy. We are delighted that we were shown the correct path.

Everyone has been friendly and looked after us.

However we would never have reached this point without the indomitable Dominic who has been not only very professional throughout but also has gone that extra mile for us. His enthusiasm and local knowledge have been invaluable.

Kind regards

Tim and Rache
